

Guest Writers – guidelines for submitting your text

Teach-in Education has created a special place for language teachers, writers and teacher trainers around the world. We want to help other teachers share their paths, accomplishments and challenges and put the word out there. There are many teachers who would like to share their work but do not know how to, or others who share their work and would like other opportunities to broaden their contacts. Once a month we will boost this teacher on our mailing list and social media. Come and be part of our global teacher's network.

Contact us to get the guidelines at contato@teach-in.com.br.
